Dynamite Exploded on Board an Old Dominion Steamer—Slight Damage Done—Further Accessions to the Strikers' Ranks—Another Arrest—The Cincinnati Convention—Field Notes.

New York, Feb. 1.—When the Old Dominion steamer *Granada* was on its way from New York to Cincinnati, a dynamite explosion occurred on board, causing slight damage to the vessel and the loss of a few passengers. The explosion was caused by a package of dynamite which was found to be badly packed and which had become so hot that it had begun to burn. The package was found by the crew and was immediately thrown overboard. The passengers were not injured, but the vessel was delayed for several hours. The explosion was the first of a series of similar explosions which have been reported from various parts of the country. It is believed that these explosions are the work of some ill-advvised strikers who are trying to cause trouble and delay.

In order to give all a chance to get it and thus be convinced of its wonderful curative powers, Dr. King's New Discovery for Consumption, Coughs and Colds, will be, for a limited time, given away. This gift is not only liberal, but such a grand opportunity to get a trial bottle free, 1-2 bottles \$1.

A Legislative Investigation Proposed.
 Tuxbury, Feb. 1.—Assemblyman May has introduced a resolution to have the house Monday night, receding that the disputes between the coal and shipping companies and their employees in causing great inconvenience and hardship, therefore resolved that a special committee of five be appointed to sit during recess, with power to send for persons and papers and to employ a stenographer, for the purpose of investigating the causes of said disputes and to report to the house on or before the next session of the house. The resolution was referred to the labor committee.

Strike of Seven Thousand Colliers.
 Pittsburgh, Feb. 1.—What promises to be a bitter fight commenced Monday morning in the strike of the 7,000 colliers along the Monongahela river. A majority of the mines are already idle, and very shortly it is expected that all will be closed and business suspended indefinitely. Prominent coal operators claim that they have not yet been officially notified of the strike, and that they are waiting for the coal and shipping companies to make a statement of the situation. New K. of L. Trade District.
 Boston, Mass., Feb. 1.—It is proposed to form of the employees of all the New England steam railroads a new trade district of the Knights of Labor. The object of the district will be to see that the men are fairly compensated and have reasonable hours, and to keep an oversight of the welfare of the members. District organizers will take the field, and mass meetings will be called to inform the men of the district and to elect a committee to be established. Meetings will be held in all large towns throughout New England.

Suppression of Plunkerton Guards.
 Madison, Wis., Feb. 1.—In the senate Monday evening bills were introduced which will make it felony punishable by from four to eight years' imprisonment for any person, corporation, or other body, who shall employ or attempt to employ any person to guard property or suppress riot, or to use force or violence against any person or property. The bills also provide for the punishment of any person who shall employ or attempt to employ any person to guard property or suppress riot, or to use force or violence against any person or property.

Advances the Price of Coke.
 Pittsburgh, Pa., Feb. 1.—At a meeting of the coke syndicate held in this city Monday the selling price was advanced from \$1.50 to \$2.00 per ton. The new rate has gone into effect. The coke syndicate is a combination of the coke producers of the Pennsylvania region and is organized to control the market for coke. The advance in the price of coke is the result of a combination of factors, including the increase in the cost of production and the demand for coke by the iron and steel industry.

Laber Party Move in Ohio.
 Sandusky, Ohio, Feb. 1.—A formidable labor party, which has been secretly forming in a number of Ohio cities, has just moved to Sandusky. The party is composed of men from various parts of the state and is organized to fight for the interests of the laboring man. The party is expected to hold a convention in Sandusky in the near future.

The Locomotive Strike at an End.
 New York, Feb. 1.—The strike at Locustville, Pa., which has been in progress since last week, has been brought to an end. The locomotive men have agreed to return to work on the condition that they will be paid the same wages as before the strike. The strike was caused by a disagreement over wages and working conditions.

Run Out of Sympathy.
 New Haven, Conn., Feb. 1.—The strikers of the New Haven Steamship company, who have been on strike since last week, have been run out of sympathy. The company has announced that it will not employ any more strikers and that it will employ only men who are not on strike. The strikers have been forced to leave the company and to find other work.

Belmont's Son Shoots Himself.
 New York, Feb. 1.—Raymond Belmont, the son of the late John Belmont, the late mayor of New York, has shot himself. Raymond was found lying on the ground in front of his father's house, with a bullet wound in his chest. He was taken to the hospital, but died before he could be operated on.

Died by His Own Hand.
 Des Moines, Iowa, Feb. 1.—John D. Miller, an eccentric character, well known to newspaper men and state fair officials in this state, took morphine at his home, two miles from Des Moines, Saturday night, and died Sunday morning. His death was caused by the morphine which he had taken.

The Probationists Appeal.
 Des Moines, Iowa, Feb. 1.—From the decision of Judge Cook, reversing the brewery case to the United States court, the attorneys for the Probationists have appealed to the supreme court of the state. It was sought to close the saloons attached to the breweries alone.

A White Channel.
 Tourists and hunters in the Tyrol have this season been able to enjoy the sight of a young white channel, a rarity that has not been seen for many years. The channel was found in a mountain stream and was the result of a landslide which had created a new channel for the water.

A Singular Name.
 Preserved Smith, who died recently in Dayton, O., obtained his singular name in this way: He was descended in a direct line from the Rev. Henry Smith, who, in 1611, came from England to Connecticut. On the passage, and in a terrible storm, a son was born to him, who was named Preserved Smith. The name has been preserved in the family ever since.

Major Life.
 What a truly beautiful world we live in! Nature gives us grandeur of mountains, plains, and oceans, and a thousand means of enjoyment. We can do so much better in our present life than we have often done. The majority of people feel like giving it up, discouraged and worn out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfaction from the use of Dr. King's New Discovery. It will make them free from disease, as when born. Dyspepsia and Liver Complaint are the chief causes of seventy-five per cent of such maladies as Biliousness, Indigestion, Sick Headache, Constipation, Nervousness, and all the ailments that attend the disordered action of the bowels. It is a truly wonderful cure. Sample bottles, 10 cents. Try it.

Most Drop the Cigarettes.
 Indianapolis, Feb. 1.—A sensation was created here Monday night among the Knights of Labor by the receipt of an order, purporting to have come from the general executive board, to the effect that all cigarette makers belonging to the International

Order of the Knights of Labor, should drop the cigarettes. The order was received by the local lodge and was immediately acted on.
